

Central Joint Fire District

Standard Operating Procedure

Central Joint Fire District

SUBJECT: Rescue Response

SOP Number: 411E
Effective Date: 3/3/02
Revised Date:
Approved:

PURPOSE: The purpose of this standard is to define the proper response of equipment and apparatus to a rescue type run.

SCOPE: This standard shall apply to all Command Officers, Senior Firefighters or other persons who may find themselves responsible for the proper response of equipment and apparatus to a rescue type run.

ENFORCEMENT: The Officer in Charge shall be responsible for the enforcement of this standard and any deviations from this standard.

DEFINITIONS:

IC – Incident Commander

Rescue – An EMS call without entrapment

APPLICATIONS:

411E.1

A) The order of response shall be:

- 1) Rescue 782 with at least three (3) members
- 2) Engine 783 with at least two (2) members per IC discretion

B) Assignment:

- 1) Rescue 782 with at least three (3) members shall proceed to the scene and begin rescue operation. Upon arrival crew shall determine scene safety as its first priority. As soon as scene is deemed safe for personnel additional resources shall be dispatched per IC.
- 2) Engine 783 with at least two (2) members shall proceed to the scene and fill out duties at scene per the IC.

411E.2 Response directly to the fire scene

- A) Only members who have direct radio communications with responding apparatus and appropriate personal protective equipment shall be permitted to respond directly to the fire scene per the IC.
